

Notice is hereby given to the public that the Fort Worth City Plan Commission will host a public hearing on the East Berry Corridor Study Plan. The public is invited to provide comment to the Commission at the public hearing scheduled for February 19, 2025, at 1:30 p.m. either in person or by submitting comments via email. The Work Session will start at 12:30 p.m. Both meetings will occur at Old City Hall 200 Texas Street 2nd Floor in the Council Conference Room, Fort Worth, TX 76102. Written comments on the Plan may be sent to the Platting and Annexation Division email at Platbox2@fortworthtexas.gov. All written comments must be received by Tuesday, February 18, 2025, to be considered by the Commission.

General Plan Boundaries

East Berry Street is an east-west thoroughfare located in southeast Fort Worth. A six-mile segment of East Berry Street from IH-35W to Lake Arlington is the focus of this study. The study objective is to identify an integrated transportation, land use, economic development, and technology strategy that results in improved walkability, enhanced safety, additional travel choices, and a development pattern that supports the corridor vision and local community needs. The study will help advance design and construction activities funded in the 2022 Bond program; and prepare project for implementation in future bond cycles.
